

Ms. O'Brien is a member of the Board of Directors of Bristol Hospital and Health Care Group and its immediate past chairman. She is a champion for quality improvement and information technology aimed at transitioning the organization to a high reliability healthcare provider. She currently serves as a member of the Strategic Planning, Quality Improvement, Governance, Audit and Compliance, and Executive Compensation committees.

Ms. O'Brien is a member of the American Hospital Association's Committee on Governance, and the Connecticut Hospital Association's Patient Care Quality Committee.

Marie is a trustee of the Connecticut Science Center, and a founding director of ingenuityNE, a New England organization dedicated to preparing students for a technologically-advanced workplace. She retired as president of the Connecticut Development Authority, the state's quasi-public financing authority for economic development, and previously held corporate positions at United Technologies Corporation. Marie is known as a change agent who has worked in such diverse fields as pharmaceuticals, higher education, manufacturing, the arts and government. She received her undergraduate in Chemistry and an M.B.A. from the University of Connecticut.
